

## Chambers Says Hiss Red Stooze, Liar, Spy

### Testifies Hiss Followed Red Orders

New York, Nov. 21—(AP)—Whittaker Chambers pictured Alger Hiss today as a Communist stooge, a liar and a spy for the Russians.

Chambers, the government's chief witness in Hiss' second perjury trial, testified that the handsome, 45-year-old defendant:

- 1—Went to work in the justice department and later in the state department at the behest of a communist underground chief;
- 2—Turned over state department documents to a Soviet spy ring at regular intervals as late as 1938;
- 3—Entertained Chambers in his home nearly a year after the last date on which Hiss says the two met.

### Gives Names And Dates

The short, stout Chambers—once a communist courier by his own admission, later a \$30,000-a-year editor and now a Maryland farmer—gave names, dates and a wealth of details as he testified for the second day.

Hiss, 45, who rose to high state department office, listened with scarcely a sign of emotion. Once or twice he smiled broadly. His graying wife, Priscilla, also named by Chambers as playing a role in the spy drama, sat soberly beside her husband.

Chambers said Hiss joined the justice department in 1936 and the state department the next year in accordance with the wishes of "J. Peters."

### Head Of Red Underground

He identified Peters earlier as head of the communist underground in the United States. Peters, also known as Alexander Stevens, left the country nearly two years ago.

Chambers gave this account of how he gained access to state department secrets in 1937:

"Mr. Hiss would bring documents from the state department to his home at the end of the day's work. I would then take the documents to Baltimore where they would be photographed. I would return them to Mr. Hiss at his home that same night."

Hiss made the documents available, Chambers related, at the instigation of Col. Boris Bykov, identified by the witness as the former master mind of the Soviet underground in this country.

Chambers said he introduced Hiss and Bykov at a restaurant in New York's Chinatown in 1937.

"The substance of the conversation," Chambers said, "was that the Soviet Union was acutely endangered by the rise of fascist powers. It needed help, and would be tremendously helped if Mr. Hiss could obtain documents relating to the Far East and other areas."

## Burned-Out Signal Flare Raises Hope For Missing Plane

Oslo, Norway, Nov. 21—(AP)—Discovery of a burned-out signal flare raised hopes tonight that some of the 35 persons aboard a missing plane may be found alive in the dense forests of southern Norway. Among the passengers were 28 Jewish refugee children.

The plane, owned by Aero Holland, last was heard from by radio at about 6 p.m. yesterday as it neared Oslo's Fornebu airport. Soon afterward a sharp flash, followed by an explosion, was reported near Gjersjøen lake, a mile southeast of Oslo. The owners said at The Hague the plane was considered lost. Nearly 1,000 searches, including home guards, police and hundreds of volunteers, struggled through tangled undergrowth all last night and today. Fog and a drizzle rain hampered their efforts.

"It is like looking for a needle in a haystack," said M. Eldresen, who is directing Red Cross units in the search.

Norwegian air force craft, aided by Swedish and Danish planes, took part in the hunt until darkness fell. They will resume tomorrow.

The only fruit of today's search was the discovery of a signal flare in the woods about 10 miles north of Oslo. It is believed to belong to the missing plane. Aviation experts are examining it.

## TRAFFIC ACCIDENTS KILL 166 IN ILLINOIS DURING LAST MONTH

Springfield, Ill., Nov. 21—(AP)—Motor vehicle accidents on Illinois highways in October killed 166 persons, the state public works and buildings department said today.

Fatalities were the highest for any 1949 month so far but were 11 percent under October, 1948. Highway deaths for the first 10 months of this year totaled 1,406, compared with 1,569 in the corresponding 1948 period.

## Montgomery Arrives In U.S. For Meeting

Washington, Nov. 21—(AP)—British Field Marshal Montgomery said today he sees no immediate threat of open conflict erupting in Europe.

Arriving in this country for a round of talks with U.S. military leaders, Britain's No. 1 field commander in World War II also declared he does not intend to ask for more American troops in western Europe.

The British victor of El Alamein, now chairman of Europe's western union defense alliance, reached New York on the Queen Elizabeth and came immediately to the capitol in a U.S. Air Force transport plane.

In brief talks with newsmen, he made it clear that he sees no imminent danger of war.

"If there were any immediate danger, I wouldn't be here, would I?" Montgomery demanded.

As for seeking more American troops in western Europe, he said:

"Such a question is political in nature and has nothing to do with him."

British and American officials said the Field Marshal is in this country in a private capacity as the guest of the English speaking union, which he will address in New York on November 29.

Sir Oliver Franks, British ambassador, arranged a small private dinner party at the embassy for Montgomery tonight.

Tomorrow (11:30 a.m., C.S.T.) Montgomery will speak at a National Press club luncheon.

Later in the day, the U.S. joint chiefs of staff will have Montgomery as their guest for tea in the office of their chairman, Gen. Omar Bradley.

Tea will actually be served at the tea party because Montgomery does not drink alcohol.

## Says Lewis Blocks Dawson Election

New York, Nov. 21—(AP)—The Shah of Iran, ruler of 16,000,000 subjects, made a human mistake today. He started on the wrong speech for the U. N. General Assembly and laughingly admitted as much in a news conference afterward.

The Shah was introduced by Carlos P. Romulo, assembly president. The Persian monarch started off reading a text, then paused, fumbled in his pocket and pulled out another text.

Several in the crowded chamber laughed. He opened the new text, said "I thank you with a full heart, x x x" and was off on the right speech, one of several he had for different occasions on his first full day in New York.

## Says West Reich Should Be Included In European Union

Berlin, Nov. 21—(AP)—A U. S. congressional committee said here tonight it would recommend including West Germany in the western European union, but advised against any early withdrawal of occupation forces.

The four-man group is a study mission of the House foreign affairs committee.

Rep. Joseph Pfeiffer (D-NY) told reporters Germany should "by all means" be included in the western union. He said he also favored eventual rearmament "within the context of a United States of Europe."

He said such rearmament would have to come "at the proper time and if deemed necessary."

"The West German government is a fact," Pfeiffer said. "It is a going concern. It is part of the family now. It is as though my daughter lived two or three doors away. She would still be part of my family."

Rep. Jakob K. Javits (R-NY) said he opposed German rearmament under any circumstances.

## Student Commits Suicide As Fiancee Ends Engagement

Champaign, Ill., Nov. 21—(AP)—A 21-year-old University of Illinois student was found dead today in a cemetery where authorities said he had shot and killed himself after a broken romance.

James Robert Edwards of Champaign had entertained Jane Dutler of Streator, a student at Illinois Normal University in Bloomington, at the U. of I. homecoming celebration in Champaign over the weekend.

Coroner Don Wikoff said the young woman told him she broke off their engagement during her visit. The coroner said Miss Dutler told him Edwards threatened to kill himself as he put her on a bus for Bloomington last night.

After reaching Bloomington, she telephoned Edwards' parents in Champaign and told them what he had said. The parents notified university police who found Edwards' body in St. Mary's cemetery near the campus. He had been shot through the heart.

Coroner Wikoff called an unjust for tomorrow.

Weiland H. Akerman, Jr., 25, a University of Illinois senior, said he will marry Miss Lucy M. Bunzel, 25, here Wednesday. She came here from her home in Eschwege, Hesse, Germany, about eight weeks ago.

## U.S. Asks 30 Nations Put Pressure On China Commies

## Supreme Court Rejects Appeal By Eisler On Contempt Conviction

Washington, Nov. 21—(AP)—The Supreme Court today rejected an appeal by the fugitive Gerhart Eisler, reputed former No. 1 Communist leader in the United States, against a contempt of congress conviction.

The high court had previously shelved the case after Eisler jumped bail in this country and fled abroad last summer to find refuge behind the Soviet Iron Curtain.

Today's action means that Eisler, whose flight came while he was under sentence of a year in jail and \$1,000 fine, will face prison if he ever returns to the United States.

The court brushed aside arguments of Eisler's attorneys and tossed the case out without considering its merits.

Eisler stowed away last May on the Polish-owned ship Batory and went first to England and from there to the Russian zone of Germany. Last month he became chief

## Blames Captain, Owners For Noronic Disaster

Ottawa, Ont., Nov. 21—(AP)—Justice R. L. Kellock reported today that the captain and owners were at fault for the disaster to the Great Lakes steamer "Noronic" which burned at her Toronto dock Sept. 17 with a loss of 118 lives.

Justice Kellock, appointed special royal commissioner to make a transport department investigation, filed a 30,000-word report of his long inquiry made in Toronto, Cleveland and Detroit.

Suspects Capt. Taylor He ordered Capt. William G. Taylor, 66-year-old master of the "Noronic," to surrender his master's certificate for a year, and the Canada Steamship Lines, the owners, to pay the costs of the investigation.

His report, filed in the supreme court and the Canadian house of commons, recommended sweeping safety precautions on passenger-carrying Great Lakes ships for the future.

Informed sources estimated the costs of the inquiry at between \$50,000 and \$100,000.

The company had no immediate comment on the report, but said it was standing by Capt. Taylor. The general manager of the line, Capt. Norman J. Rech, said the line will give Capt. Taylor full benefit of its pension revisions. He is scheduled to retire in two years.

The commissioner did not go into the question of civil or criminal responsibility. Informed sources, however, said his 99-page conclusions could be used as the basis for the Ontario attorney general to place criminal charges, and for civil suits by survivors or relatives.

Civil Suits Total \$325,000 Frank Wilkinson, lawyer for the Canada Steamship Lines, said civil actions asking a total of \$325,000 damages from the company already have been started in Cleveland.

All but one of the nearly 600 passengers were from the United States, mostly in the Cleveland and Detroit areas. Still unidentified are seven of the 118 victims.

## Would Have Consul Ward Released

Washington, Nov. 21—(AP)—The United States today asked 30 nations—including Soviet Russia—to join in bringing pressure on the Chinese Communists to free American Consul General Angus Ward and his staff from a Mukden jail.

An unprecedented personal appeal for urgent concerted action was sent out by Secretary of State Acheson over the week end to the foreign minister of every country with representatives in China.

The new step, announced by the state department, was taken amid a mounting outcry for the use of force if necessary to free the consular officials, who were jailed four weeks ago on charges which the United States has denounced as "trumped up."

Without Precedent Officials said Acheson's personal appeal was without diplomatic precedent. It went out Friday night, a few hours after President Truman called the treatment of Ward an outrage.

Acheson's move posed a direct test of the attitude of Soviet Russia and of four other Soviet bloc countries to which his message was dispatched.

Some diplomatic officials voiced the suspicion privately that Russia as the principle backer of the new Chinese Red regime may have instigated the Ward incident as a blow to American prestige.

"As a matter of urgency," Acheson asked each foreign minister to "express to the highest Chinese in Peiping through such channels as may be available to you the concern which your government undoubtedly feels" over the treatment of Ward.

Violation Of Diplomacy Acheson declared the communists' action is "in direct violation of the basic concepts of international relations which have been developed throughout the centuries."

Although consuls do not enjoy diplomatic immunity like ambassadors and ministers, Acheson noted it has been "universal practice" to accord them freedom of movement to let them communicate with their governments and to grant bail in the event they are charged with criminal offenses.

Consuls are charged largely with looking after trade, shipping and immigration matters.

Ward and his aides, Acheson said, have actually been deprived of their freedom for an entire year. They were put under house arrest last November when the communists captured the Manchurian capital, and have not been permitted to leave although the consulate was formally declared shut down last May 19.

## High Court Denies Stay Of Execution For James Morelli

Springfield, Ill., Nov. 21—(AP)—James Morelli, 22, the "Mad Dog" killer who is condemned to die Friday for murder, lost another attempt today to escape the electric chair.

The Illinois Supreme Court denied his request for a stay of execution pending an appeal to the U.S. Supreme Court.

The Illinois Tribunal also declined to reconsider its refusal last week to review his conviction under a new law for prisoners claiming violation of constitutional rights.

Morelli was sentenced to death for the 1947 slaying of Emil Schmeichel in Chicago.

Governor Stevenson last July denied Morelli's plea for executive clemency. Stevenson twice granted him reprieves to allow appeals to the State Supreme Court, all of them have been turned down.

By The Associated Press A series of sex slayings appalled the nation yesterday (Monday).

Los Angeles citizens, horrified by last week's strangulation-slashing killing of Linda Joyce Giucotti, six, called a town meeting type of gathering as the confessed slayer, Fred Stroble, 66, was given a preliminary hearing. Stroble was held for trial with arraignment set for Friday.

The Detroit News offered \$40,000 in rewards for solutions to eight unsolved Michigan sex killings, \$5,000 for each killer convicted and imprisoned.

Latest victim was 17-months-old Josephine Yanez, whose body was found in a muddy field Sunday night near Huron, Calif. Deputy Coroner L. R. Webb said the child had been raped, then smothered. She was snatched from the automobile of her parents, Mr. and Mrs. Joe Yanez of Huron, while they were absent for only a few minutes.

In Burley, Ida., a large crowd of townspeople attended Sunday funeral services for Glenda Joyce Brisbois, seven, whose ravished, beaten body was found in a canal last Thursday. She was buried at Payette, Ida. Her confessed slayer, Neale Butterfield, 16, is jailed at Twin Falls. He denied raping the child.

At Ogden, Utah, Ray Dempsey Gachner, 27, Columbus, O., pleaded innocent to a first degree murder charge in the rape killing of Shirley Gretzinger, 17, baby sister, whose nude body was found in a weed patch last July. His attorney said that later he would plead insanity.

## GAINING NAVY CONFIDENCE

Adm. Forrest Sherman, the new Chief of Naval Operations, has given evidence that he intends to do all he can to smooth the troubled waters flowing around the Pentagon.

With only a personal letter of reprimand, he restored to active duty Capt. John Crommelin, the officer suspended Oct. 6 for releasing to the press a confidential Navy letter charging that the Navy was dissatisfied with current defense policies.

Secretary of Navy Matthews had denounced Crommelin for "faithlessness and insubordination."

Sherman's step surely will help to rebuild confidence among disgruntled Navy men who must somehow be won over if the desired armed forces unity is to be achieved without knocking a lot of heads together.

## EVERYBODY KNOWS BUT U. S.

Although Secretary of State Dean Acheson has said the big plans for west Germany will unfold in a few weeks, Chancellor Adenauer of the west German government has just announced that one decision is to slow up the dismantling of heavy German plants.

That appears to be correct, but confirmation will have to come from the Big Three, and the American people have a right to wonder why they must get such important information from their late enemies.

## Portrait Highlighting Tricks For Handy Make-Up Artists

Using a technique borrowed from portrait painters, this girl creates a lovelier mouth by first making an outline of deep-toned lipstick (above) then filling in with a lighter shade of red (right).

By ALICIA HART, NEA Staff Writer

Using a technique borrowed from portrait painters, a girl can "paint" on a more natural, rounded lip-line with two different lipstick shades.

Just as artists use darker outlines and lighter highlights painted inside of these when they want to create a lovelier mouth for portrait subjects, make-up artists can do as much for themselves with a new set of tools.

These include two lipsticks, each one of a different but harmonizing shade of red. One lipstick shade is used only to outline and shape the lips. The other is used to fill in the rest of the mouth with the other shade.

The two lipsticks, packaged together, come in cases specially designed for these needs of application. The darker, more vivid lipstick which is sharply pointed swivels out of a long slim case so as to be handled as a drawing pencil for sketching outlines. The brighter, lighter lipstick comes shaped in a shorter case with rouse more bluntly pointed so that filling in from the outline with highlight color is made simpler.

After outline and color are applied.

## Worry Chief Cause Of Wakefulness During Night

By Edwin P. Jordan, M.D.  
Written for NEA Service

Many people who complain that they do not sleep well at night actually sleep much more than they think they do. They are often wakeful on first going to bed and this period often seems longer than it is. Also the sleepless periods during the night from which many people suffer are likely to be comparatively short.

There are very few diseases which can cause sleeplessness or insomnia. These usually produce other symptoms besides insomnia and do not explain the inability to sleep which the ordinary person complains of so much.

Worry is the principal cause of inability to go to sleep at night. The mind, especially of those who earn their living by desk work, is often too active at night and makes sleep difficult. People who get a lot of outdoor exercise suffer far less from insomnia than most city dwellers. The problem is how to turn off the thoughts and worries of the day when going to bed at night.

## You Can Induce Sleep

There are ways of helping to get into a "sleepy" frame of mind. Reading a book, entirely away from the usual occupation and one which is not too exciting, is often helpful.

Many people find soothing music a relaxing pre-bedtime occupation. Handwork of some kind helps others. Unfortunately a great number of people who complain of sleeplessness try various drugs. This tendency to use drugs as a sort of crutch in getting to sleep should be resisted.

The sleep-producing drugs have their place but most of them are habit forming if taken over long periods.

There are probably few people living in cities who have not at one time or another suffered from a certain amount of difficulty in sleeping. The fact that this difficulty has been only temporary with most of us shows that ordinary insomnia is not dangerous. No one ever dies of simple insomnia.

Note: Doctor Jordan is unable to answer questions from individual readers. However, each day he will answer one of the most frequently asked questions in his column.

## Two Men Injured In Truck Accident At Murrayville

Murrayville—Alfred Sutton of Roodhouse and Dean Blimling of Murrayville were injured Sunday evening in an accident which occurred on Route 67, at the north edge of Murrayville.

The two were returning from Jacksonville, where they had picked up an oil stove. They were riding in a pick-up truck belonging to Sutton.

As they rounded the curve leading into Murrayville, they were forced to take to the shoulder of the road to avoid colliding with an oncoming car. In attempting to get back on the road, the truck overturned.

Sutton was thrown from the truck and sustained cuts on his back and leg. Blimling suffered head and arm injuries. Both were treated by Dr. Thomas L. Wilson of Murrayville. Their injuries are not believed serious.

The truck and the stove were both badly damaged.

## The Man In The Black Beret Comes To U.S.

By Hal Boyle

New York—(AP)—The man in the black beret is coming to America.

It's the most famous beret in the world, and the man who wears it so jauntily is one of the world's most renowned warriors—Field Marshal Viscount Montgomery.

He arrived Monday on the Queen Elizabeth to talk to American military leaders on defense measures for fortress Europe. For at 62 that is Monty's job as supreme commander of the Western European alliance—to erect a defense against Russia.

What's he like, this "hero of El Alamein"?

Well, he's the most controversial soldier alive.

There's the legendary Monty, a grinning, reckless apostle of the principle of attack. And there's the Monty of fact, a cautious careful planner reluctant to take the offensive unless victory be practically guaranteed in advance.

A bishop's son and deeply religious, Montgomery is widely admired in his own nation's old guard military circles for his cocky swagger and brash self-confidence. These same qualities endeared him to the British public.

The slender, fastidious little soldier won his spurs as a captain in the first World War during which he was twice wounded and six times cited for gallantry.

In the second World War he learned the lesson of defeat as a major general in the retreat from Dunkerque, and the loss of victory at El Alamein.

He got his chance in the Libyan desert by accident. A plane carrying another British officer to take over command of the Eighth Army was shot down by the Germans.

Montgomery, a comparatively unknown lieutenant general, then was sent over.

His "Desert Rats" stopped the German attack, then defeated Rommel at El Alamein. Overnight little Monty became the empire's greatest hero. Methodically he chased the Afrika corps 1,400 miles to a German version of Dunkerque on Cape Bon in Tunisia.

Montgomery also led his Eighth Army in the Sicilian campaign and in Italy.

Supremely sure of himself, Monty shrugs off criticism easily. And he can afford to. He never lost a campaign after Dunkerque.

"I am not a bit anxious about my battles," he said once. "If I'm anxious I don't fight them. I wait until I am ready and then there is no doubt."

Monty is reported to have told Churchill once that he was 100 percent fit because he neither smoked nor drank. The judge prime minister's reply:

"I smoke, I drink, and I'm 200 percent fit!"

TAP DANCER STILL IN CRITICAL CONDITION

New York, Nov. 21—(AP)—Bill (Bojangles) Robinson, 71-year-old negro dancer, remained in critical condition today at Columbia-Presbyterian medical center, where he is under treatment for a heart ailment.

No overnight change in his condition was noted.

Robinson is in an oxygen tent.

As yet, Mount Everest never has been climbed, even by climbers carrying oxygen tanks. But it has been proved that it is possible for human beings to exist at that height without artificial air. Oxygen enables men to climb faster and thus suffer less from the severe weather.

SEASHELLS are calling the cues for latest hair-do's. The mollusk in particular has inspired Berthold, a style director of the Hair Fashions Council of America, to give fashion-wise girls their new "shell cuts."

The mollusk's graceful curves and clean-cut outlines have further inspired New York's Berthold to mould girls' hair into shell-like contours, as the style pictured (right) shows.

For this shell style, hair is parted at the side. From the narrower side of the parting, hair is curved back sleekly toward the neck. From the other side of the parting hair is rolled to curve with the head. This curve was inspired by the seashell's shapely contours (left).

To duplicate this shell's one and only curl, a strand of hair, coiled to match, is lodged above the model's ear.

### Burma Sales Tax Starts Row

Rangoon — (AP) — Burma's five Chambers of Commerce—Burmese, British, Indian Chinese and Muslim—got together to express joint frank disapproval of the Burmese government's general sales tax.

President of the Burmese Chamber, U Tha Tun Aung, in a letter widely published in local press, criticized the government for planning multiple taxation at 64 percent compound interest at "each stage on all commodities which in normal practice passes through several hands before reaching the consumer."

The final result, warned the letter, will be a call upon the public to meet price increases of 50 per cent or more.

### PHEASANTS GROW BIG IN MICHIGAN; IVAN RIGGS WINS

A four pound pheasant bagged on the last day of the Michigan season won a \$50 savings bond for Ivan Riggs, former Jacksonville resident, who now lives in Pontiac, Mich. This hefty specimen gave Mr. Riggs his third championship. He previously brought in the heaviest bird in 1946 and in 1948.

Entries in the Michigan pheasant derby were a little larger than they have been in recent years. Specialists in southeastern Michigan feel that pheasants are "definitely on the way back" after a period of scarcity.

**PENICILLIN AIDS FARMERS**  
Washington—(AP)—Development of penicillin has proved a boost for farmers says the U. S. Department of Agriculture. Corn steep liquor and milk sugar are used to make penicillin.

Studies are being pushed to develop other fermentation products in antibiotics, feed yeasts, vitamins and alcohol, the department says. One project is growth of mushroom spawn which is said to have as good food qualities as yeast and tastes better.

Other projects now try to find fermentations that will use fruit pulps, dairy byproducts and canner waste.

### Watch Out For The Symptoms!

Laughed out loud when I heard Hoot Davis was down with Chicken Pox. A man of forty-five catching a kid's disease!

So I went to see him, armed with jokes about "second childhood" but forgot them fast when I got there. Hoot looked terrible and had quite a fever.

While we talked, I came to think of how Chicken Pox is a lot like other "diseases"—diseases of the character, such as intolerance, self-righteousness or just plain ignorance. They're excusable in children, but when they come out in

adults they're ten times as bad—and can be mighty "contagious."

From where I sit, we should all watch out for the "symptoms"—little things like criticizing a person's preference for a friendly glass of temperate beer or ale. We've seen personal freedom wither away in other countries, when individual intolerance was allowed to get out of hand and become a nation-wide epidemic.

**WEED KILLS SHEEP**  
Moscow, Idaho.—(AP)—Sheepgrowers in the west are cooperating with plant experts to fight an innocent-looking weed known as the halogeton. It looks like Russian thistle but contains enough oxalic acid to kill a sheep that eats a pound and a half of the weed.  
Thousands of sheep have been lost since the halogeton first appeared in Idaho two years ago. Nevada has had a similar losses. It is spreading, and is hard to control because it takes hold readily on poor land that is worth less than the cost of killing the weed off. From such bases it spreads to better land and crowds out useful plants.

**City Sees First Snow Of Season**

Dainty little snowflakes drifted down on Jacksonville and Morgan county Monday morning, another indication that winter is moving in this direction. Tasty ALL-BRAN may help you. Eat an ounce daily, drink plenty of water. If not satisfied after 10 days, send empty box to Kellogg's, Battle Creek, Mich. DOUBLE YOUR MONEY BACK!

The temperature dropped below freezing Sunday night. The wind was in the north—a perfect setup for rough weather.

The chilly atmosphere accelerated the pace of pedestrians, many of whom were housewives on shopping excursions with that Thanksgiving dinner in mind.

Workmen of the Sangamo Construction continued activities on the loop paving project. Curb and sidewalk construction moved ahead despite the snow flurries and cold weather.

Here, William Redman and John Nee, coffee blenders at a Boston, Mass., plant, load bags of green coffee beans on a carrier to go to the roasters. Industry spokesmen say there would be plenty of coffee if customers would only buy normally.

**13 Year Old Boy Shot In Hunting Accident; Carried By Brother**

A Roodhouse high school boy carried his 13 year old brother two miles Sunday morning after the younger boy was seriously wounded in a hunting accident northwest of Roodhouse.

A charge from a .12 gauge shotgun struck Darrell Stauffer, 13, in his back, resulting in an eight inch wound from which he bled profusely. According to an account related to Roodhouse residents, the boy was wounded when a gun carried by Wayne Stauffer, 17, accidentally discharged.

Wayne Stauffer picked up his brother and carried him most of the way to the home of Reid Ash, living near Roodhouse. The wounded boy was able to take a few steps during the painful journey for help.

Dr. N. J. Bucklin was called and administered emergency treatment, after which the youngster was taken to Passavant hospital in the Wolfe ambulance.

Placed under the care of Dr. Ellisworth Black, the boy was found to have a long wound across his back, in which a number of shot lodged. Some of the shot also struck the boy's left arm.

Dr. Black said the pellets appeared to have just missed the abdominal cavity. Some of the wadding of the gun and particles of clothing were driven into the wound. The wounded boy was believed to be holding his own Monday.

The boys are sons of Mrs. Ada Stauffer of Roodhouse.

The accident is said to have occurred when Wayne Stauffer was shooting at a rabbit. The youth tripped and fell, causing the shotgun to fire.

### CORN PRICES ARE UP IN CHICAGO

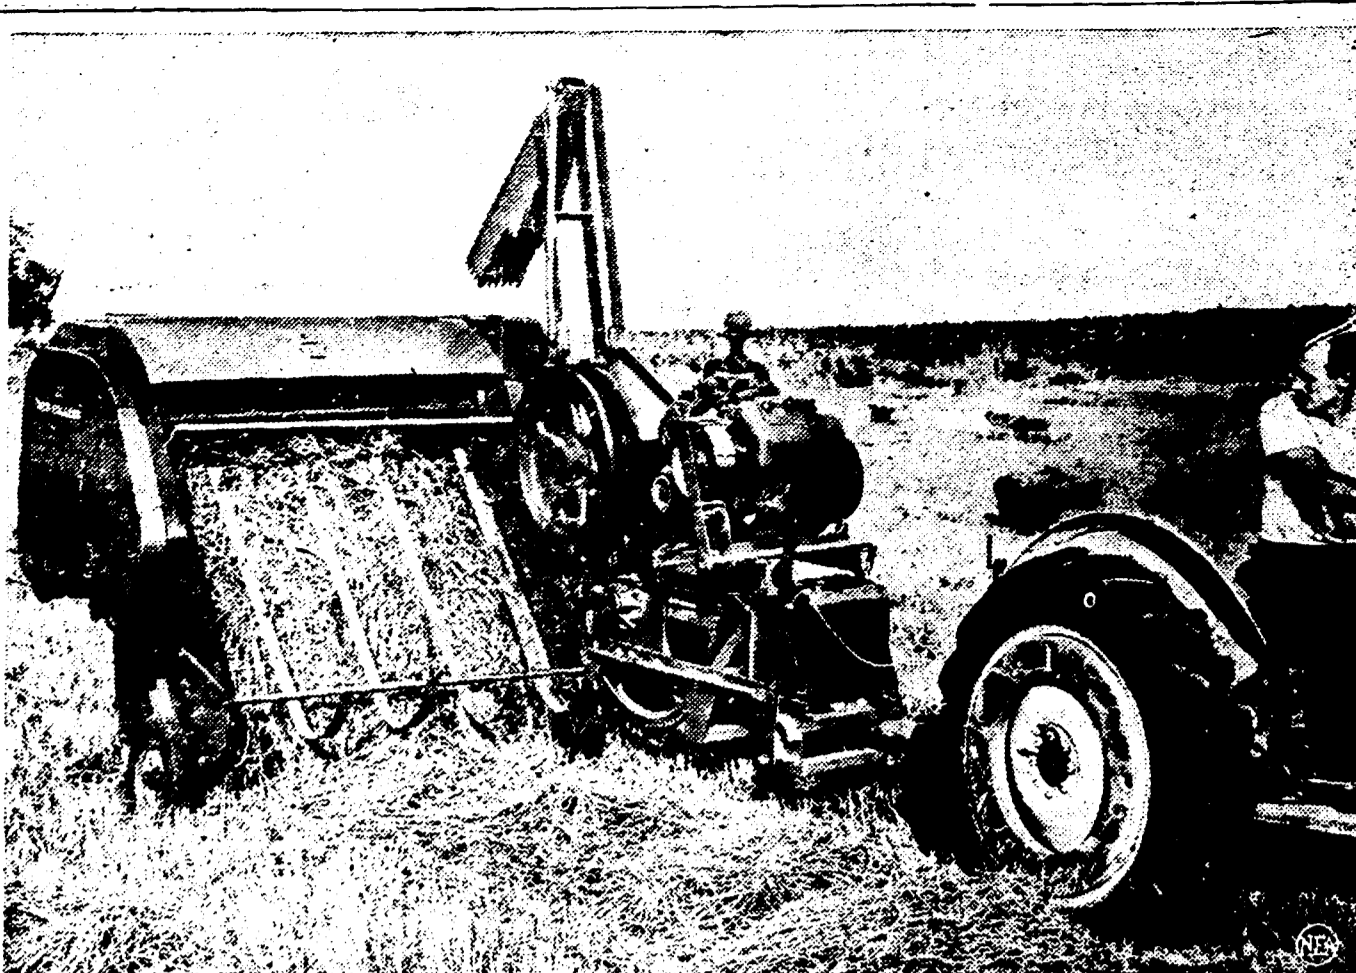

Chicago, Nov. 21.—(P)—Corn jumped off with gains of around a cent and held there for the rest of the session on the board of trade today. Other cereals, firm early, slipped and lost part or all of their gains before the close.

Wheat was aided by rumors Mexico was in the market for 1,000,000 bushels. However, the July delivery, representing the 1950 crop, sank. December and May oats scored seasonal peaks by a small fraction and then fell back on profit-taking.

Soybeans followed other grains higher during the early part of the session. Dealings were light. Prices slumped a bit late in the day. Rye dropped below the previous close.

Receipts were: wheat 16 cars, corn 213, oats 14, rye none, barley 8, soybeans 62.

Wheat closed 1 lower to 2 cents higher, December \$2.13-1/2, corn was 1 to 1 1/2 higher, December \$1.25-1/2, oats were 1 lower to 1 1/2 higher, December 75, rye was 1-1/4 lower, December \$1.33-1/4, soybeans were 1 lower to 1 1/2 higher, November \$2.24-1/4, and lard was 5 cents lower to 5 cents a hundred pounds higher, November \$9.80.

**HAY BALER TAKES ON SLEEK LINES**—This new, streamlined hay baler was just introduced at New Holland, Pa. The 1950 model has 20 per cent fewer parts than older balers. It scoops up the hay, slices it and presses it into wrapped bales, all automatically, at the rate of seven bales a minute.

### CHICAGO LIVESTOCK MARKET REPORT

Chicago, Nov. 21.—(P)—Hog prices turned 25 to 50 cents a hundred pounds higher today, while cattle were mostly steady to 50 cents higher, and sheep unevenly 50 cents up to 50 cents lower.

Most good and choice butcher hogs brought \$15.25 to \$16.10. Some were as low as \$15.00 and the top was up to \$16.25. Sows sold at \$13.75 to \$14.50 mainly but the best took \$14.75 and some heavies were down to \$12.50. Clearance was completed early.

Only medium to low-good heifers

showed weakness. A load of prime steers hit \$41.00 and several loads grading high-choice to prime merited \$39.00 to \$40.50. Most choice kinds were \$34.00 to \$38.00 and good to low-choice were \$28.00 to \$33.50. A load of choice heifers topped that division at \$31.00, most good to low-choice kinds bracketed at \$25.00 to \$29.50. Good beef cows topped at \$18.50 and sausage bulls at \$19.00 while the practical top on vealers was \$26.00.

Lambs showed 25 cents rise with woolled material topping at \$28.85 and clipped at \$23.50. Yearlings were up 50 cents, choice topping at \$21.50. But ewes showed the decline at \$11.50 and below.

Receipts on sale included an estimated 14,000 hogs, 13,000 cattle, 600 calves and 4,500 sheep.

### Markets At A Glance

New York, Nov. 21.—(P)—Stocks—Lower; leaders in slow drift.

Bonds—Steady; good demand for rails.

Wheat—Mixed; 1949 crop strong; 1950 weak.

Corn—Firm; more export funds allotted.

### New York Stock Market

New York, Nov. 21.—(P)—The stock market backed down from its high level today in a slow but fairly general decline.

Leading issues dropped fractions to more than a point. Losses outnumbered gains by a comfortable margin, although such groups as metal and mining shares proved resistant.

Selling pressure never became urgent, and total transactions for the day amounted to around 1,200,000 shares, somewhat under the pace of last week's sessions.

Corporate bonds held within narrow limits and were generally steady.

## Ways to Save

If you were a native of the Tuamotu Archipelago your "wealth" would consist of long tubes of bamboo filled with copra oil, which you would store in the back of your hut. A native with but little living space remaining in a large hut is an important person because it means he has much copra oil saved.

## Lions Earn Title As Santa's Best Helpers

A group of 30 Lions came out of their den Sunday and for one hour roared through downtown Jacksonville area. When they had finished their visit, the Community Christmas decorations on the light poles were all in place.

The industrious Lions, were led by their President, Russell Rawlings. It was all part of the carefully laid plans for erecting Christmas decorations this year.

Don Qui, chairman of the Chamber of Commerce Christmas promotion committee said, "this should be some sort of a record. One hour flat, and the decorations were all up. I never saw a crew work so fast."

Lion Club members armed with ladders and wire cutters, invaded the business area at 1 p.m. Sunday. A truck loaded with green and silver wreaths drove ahead of the workmen, depositing wreaths and wire at poles to be decorated. So rapidly did the crew work that in a few minutes the truck was behind, and workmen stood waiting for wreaths to be delivered. Silver or green wreaths with appropriate seasonal centerpieces were erected throughout the downtown area.

After the decorating job, the crew adjourned to the Elm City Cafe where they were treated to coffee and doughnuts as guests of the Chamber of Commerce.

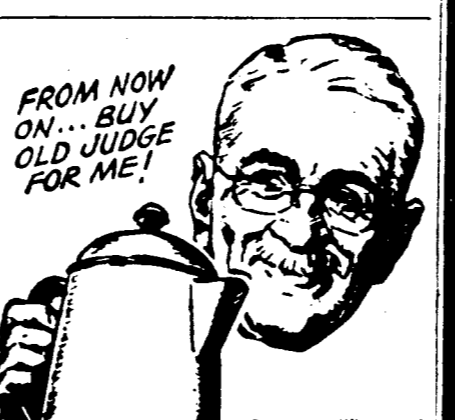

Waldo McCreery, Chamber of Commerce president, praised Lions Club members for their help. "The Club did a wonderful job. They sure deserved their title of the "Work- ingest" club in town. Businessmen appreciate their fine help," he said.

The Community Christmas program officially opens on Friday, November 25, when Santa is scheduled to arrive at 2 p.m. Treats, music and a surprise feature are all part of the Friday program. Parents were urged to bring their youngsters downtown in Jacksonville on Friday afternoon for a real thrill.

Washington, Nov. 21—(AP)—Efforts to conquer the pesky mosquito through use of DDT insecticide appear doomed to failure.

The agriculture department reported today that strains of the insect resistant to DDT have been found along the east coast of Florida.

Previously, the department had reported discovery of strains of houseflies which were resistant to the new insecticide.

## CUSTOMERS' CORNER

"Will A & P be put out of business if the anti-trust lawyers win their suit against this company?"

"Absolutely! And here's why: 'A & P's retail stores will be broken up into seven groups and sold to new owners. 'A & P's factories, which produce many of our fine foods, will be sold to still other new owners."

"None of the stores and factories can be connected in any way, which will wipe out the savings you now enjoy on the foods A & P makes."

"None of the present owners or management who have made A & P what it is today can have anything to do with either the stores or the factories."

"So, while there may be a food store where your A & P is now located, it won't be your A & P store. It will be operated by different owners and under new management."

"Make no mistake about it, if the anti-trust lawyers win their suit it will mean the end of A & P as you know it."

## Deer Hunter Gets Into Trouble And 'Bearly' Gets Out

St. Cloud, Minn., Nov. 21.—(AP)—Andrew Kunkel, 21, of Pearl Lake, near St. Cloud, comes up with a deer story that's a bear.

Kunkel, hunting near Aitkin, said he was standing on a huge hollow stump, about seven feet high, and watching for deer. He heard a noise in the brush, shot stepped a big bear. Kunkel shot. The maneuver caused him to slip inside the stump. His gun fell outside. His feet wedged and unable to get out, he yelled for help but no one came.

After being in the stump about six hours he again heard noises. He looked up. Backing into the stump was a bear. Kunkel said he seized his hunting knife and jabbed at the bear's handiest area, at the same time grasping a paw. The stabbed Bruin shot away from the stump, freeing Kunkel.

The youth said the bear charged off into the brush. Kunkel picked up his rifle and went back to camp.

## Old Professor Quizzes Coaches

By Whitey Martin

New York, Nov. 21.—(AP)—The old professor wrinkled his inquisitive nose and sniffed noisily as he faced his Monday morning class of football coaches.

Old Professor—I seem to smell roses. Does anybody else notice the fragrance?

Marchie Schwartz, Stanford—Pappy Waldorf does, professor, and I might add that his California team will be a splendid representative for the west coast in the Rose Bowl.

That Bear line is just another proof that football games are won up front.

Lynn Waldorf, California—Our team is truly the most amazing group of athletes I ever have coached. The boys were calmer than I was. Why, one of the sophoms on the team said to me before the game: "Don't be nervous, Pappy, we'll win it easy."

Old Professor—Maybe this isn't a fair question, Mr. Casanova, but you've had a chance to study it. How would you compare Oklahoma and California?

Leonard Casanova, Santa Clara—Well now, professor. That's a tough one. They're two different types of ball clubs. California runs and passes in a varied attack, but I think Oklahoma's defensive line is better.

It has a terrific charge, better than any team we've played. Walker and Owens looked especially good.

**Santa Clara Great**

Bud Wilkinson, Oklahoma—"Cas" has a great team. I was satisfied with the way we played. We made a couple of mistakes that hurt but our running game was fine. Full-

back Saxon Wraith played a fine game on both offense and defense.

Old Professor—Mr. Snively, if you were a shopkeeper, would you give credit?

Carl Snively, North Carolina—I don't know about that, but right now I want to give credit to Charley Justice. He never played a finer game. He was what we needed, despite his poor physical condition.

Art Weiner was wonderful. Duke's blocking was truly outstanding. I'm proud of our kids.

Wallace Wade, Duke—From the standpoint of ability, it was the greatest game a Duke team ever played.

Old Professor—A grand tribute to your boys, Mr. Wade. Mr. Neely, your cheeks are pink. It must be cold outside.

Jess Neely, Rice—No sir, I was just tickled pink to beat T.C.U., which pushed the crows all over the field in the second half, failing to tie or win from the two-yard line in the last minutes, with four downs to do it. All our boys played fine.

Leo "Dutch" Meyer, Texas Christian—I thought our varied defense formations—eight and nine man line—worked well in the second half. My boys played well. . . excuse me, professor. . . I feel pretty bad about losing that one.

**Tulane Has Depth**

Old Professor—Certainly, Mr. Meyer. I know how it is. Mr. Guepe, how deep is the ocean?

Art Guepe, Virginia—I don't know about that, sir, but if it is as deep as Tulane it's pretty deep, much deeper than our team. But our own mistakes beat us. We need good passing to win these big ones, and we didn't get it. Whitey Michels did his best but he wasn't in shape.

To my mind what hurt us most was that 65-yard punt return by Jimmy Glisson for a touchdown—right after we had got back in the game in the third quarter. John Papit looked great, didn't he? If Michels had been right I think we'd have stayed undefeated, but we lost to a great ball club.

Henry Frnka, Tulane—What's there to smile about? After all, we have Louisiana State coming up next week. A Bowl bid? I never talk about 'em. And can you imagine our little boys in a Bowl!

Old Professor—That would sound more convincing, Mr. Frnka, if you'd move out of the shadow of Jerome Helluin, that 280-pound guard of yours. Mr. Bryant, did your team go all out?

Paul Bryant, Kentucky—Yes, indeed, professor, but when they out-rush you, out-tackle you and catch as many of your forward passes as you can catch yourself, as Tennessee did, there's not much you can do.

Bob Neyland, Tennessee—I beg to be excused from comment, please.

Old Professor—Very well, sir. And come to think of it, it's time the class was excused. Good day and good luck, gentlemen, and thank you for your cooperation.

## Browns Defeat Yankees, 31-0 To Clinch Fourth All-American Title

New York, Nov. 21.—(AP)—Football lead over the Chicago Bears. The Browns clubbed the Washington Redskins, 31-0.

Los Angeles scored 14 points in the last period and missed a triumph when end Tom Wham blocked Bob Waterfield's attempted 11 yard field goal on the last play of the game.

Johnny Lujack and Sid Luckman took care of the Redskins. Pupil Lujack tossed three touchdown passes and teacher Luckman one. Sammy Baugh, the Washington passing artist, chucked two six point passes for the once powerful Skins.

Ever since the Browns picked up the marbles in 1946, the AAC's first year of operation, "the customers" have been wondering what they would do against the national's finest.

**Look For Record**  
According to rumors the two leagues will arrive at some sort of an agreement during the winter, perhaps after owners receive their year-end bank statements.

Otto Graham directed Cleveland to its clinching triumph by passing the Browns to a 31-0 triumph over the New York Yankees.

The Browns scored all of their points in the first half. The Yanks gave the Browns a hard time in the second session but four scoring bids were nipped within the one yard stripe.

Graham three 34 passes good for 382 yards and was a prime factor in every scoring drive. Mac Speedie caught 11 passes which he carried for 228 yards, both loop records for a single game.

**49ers Runnersup**  
The defeat dumped the Yanks out of second into third place. The idle San Francisco 49ers moved into the runner-up slot.

Buffalo defeated the Chicago Hornets, 10-0, to replace the Hornets in fourth place, the last playoff slot. Former Hornet Bobby Livestone scored the only touchdown when he sloshed 80 yards through the mud in the second period.

The Hornets fell into a fifth place tie with the Los Angeles Dons who whipped the Baltimore Colts, 21-10. George Tafaferro steered the Dons home by scoring twice and aiding in the other pay off drive.

Philadelphia pounded New York's hapless Bulldogs, 42-0 with Steve Van Buren eating up yardage as a kid does ice cream.

Van Buren scored twice and rambled 174 yards on 35 sorties. The Eagles need only one more victory to clinch their third straight title.

**Lions Upset Giants**  
The Eagles' path was eased by the Detroit Lions who upset Steve Owen's New York Giants, 45-21, before blinking New Yorkers. The form reversal dumped the New Yorkers from second into third place with the Pittsburgh Steelers stepping up by knocking off the Green Bay Packers, 30-7.

Frank Tripuka and Bullet Bill Dudley were Detroit's Giant killers. Tripuka shot three touchdown passes and Dudley scored 24 points on a touchdown, field goal and six conversions.

The victory was Detroit's second and the 45 points were the highest scored by the Lions in their league history.

Pittsburgh had no trouble in disposing of Green Bay, tied with Detroit for the western half cellar. The passing of rookie backs Bobby Gage and Joe Geri featured the triumph.

**Rams, Cards Tie**  
The Los Angeles Rams fought the Chicago Cardinals to a 28-28 stand-off to protect their western half

# California The Host, Ohio State Guests In New Years Bowl Clash

By Jerry Liska  
Chicago, Nov. 21.—(P)—It's understood that California will be the host of the 1950 New Year's Bowl game, which will be played at the Rose Bowl in Pasadena, Calif., on Jan. 1, 1950.

## New Cage Mentor At South Fork Faces Tough Card

Kincaid—With eight lettermen returning, Coach Farrell E. Benefiel hopes to improve on last year's basketball record at South Fork Community High School in Kincaid.

Benefiel comes to South Fork from Cape Girardeau, Mo., where he coached for a number of years. He is assisted by John B. Pacetti.

Only three letter-winners were lost off the '48-49 squad which dropped 23 ball games while winning three.

The Pioneers came through with fourth place honors in the Jacksonville Holiday tournament.

Returning numeral-wearers are Joe Dolio, Irvin Bertoldo, Kenny Thomas, John Sullivan, Harold Henry, Jim Borgeson, Jim Mostey and Donald Warren. Bolstering the veteran-lined club are Charles Obriess, Bob Hogan, Donald Golbraith and Stee Margos who, Benefiel says, are looking good.

Affiliated with the Mid-State basketball conference, the South Fork five was rated sixth in the league last year.

The Pioneers face a rugged 20-game schedule, plus two tournaments—the Jacksonville Holiday and Mid-Plains meet of which they are the hosts. Another tough spot on the South Fork card is Hillsboro, a state title contender last year.

## National Record Ends If Mississippi End Gets 3 Passes

Hattiesburg, Miss., Nov. 21.—(P)—If Cliff Coggin can catch three passes Thursday, the Mississippi Southern ends will set a third national football record.

Coggin, rated one of the greatest ends in football, has snagged 50 passes for 999 yards in nine games. Another three catches against Louisville will break the record 52 caught by Mississippi's Barney Poole in 1947.

Coggin broke two records on Nov. 12 when his team lost to Louisiana Tech 34-13. He boosted his new records higher last week when Southern lost to Alabama 34-26.

His 999 yards is an all time high. Spread over ten games, even though the last is three days off, they'll average 99.9 yards per game.

The old records of 820 yards a season and 82.0 per game were set by Arizona's Ed Stanton in 1941.

Coggin stands a better than fair chance of catch three against Louisville. Although Louisville has lost only two games this season, the Cardinals have allowed their opponents to complete one of every three passes.

Louisville opponents have tried 156, completed 50, had 15 intercepted and have made 711 yards.

By Bob Merris  
Illinois College coaches Al Miller and Joe Brooks are attending the College Conference of Illinois meeting at Peoria today. The "Little Nine" coaches, among other things, will pick an all-conference football team.

In the same vein, Jacksonville basketball mentor John Chapman sat in on the Central Conference rule discussion at Springfield last night. The Crimson, who haven't won a league title in over 10 years, are shaping into a top contender.

Back to that Little Nine all-conference eleven. Though they lost three important league tilts and finished the season in fifth place, the Blueboys should place a couple of footballers high on the "wanted" list. Sam Spink was injured most of the year and hence must be counted out but twin brother Jim performed nobly at the other tackle slot and should rate that berth on anybody's team. When a 230 pounder such as Jim plays 60 minutes of every ball game on a rough eight-tilt schedule, he deserves something more than a pat on the back and fare-thee-well. Especially, since he just wound up his last and fourth year of varsity football for the Hill-toppers.

But Jim's fate rests in the hands of the conference fathers with whom Al Miller will do battle today in an effort to place his stars on either the first or second teams.

When Augustana, Mankato and Wheaton turn their guns on the local mouth-piece, he'll need a battery of lawyers to "sound off" for the IC cause.

## Minnesota 'Could' Beat Notre Dame Says Iowa Coach

Chicago, Nov. 21.—(P)—"On a real good day," Minnesota quite conceivably could beat Notre Dame.

That's what Coach Eddie Anderson, whose Iowa Hawkeyes bowed to the Irish 28-7 last Saturday, told the Herald-American quarterback club meeting today.

The Hawkeyes were trimmed by Minnesota, 55-7, on Nov. 5. (The Gophers finished third behind champions Ohio State and Michigan in the Big Ten).

Anderson said, however, that the Hawkeyes played below their capabilities against Minnesota and that the comparative scores did not accurately gauge the Gophers and Irish.

Anderson, former Notre Dame captain, said the Irish did not ease off against Iowa. "They didn't go in for their wholesale substitutions until the closing minutes," he pointed out.

Anderson described Notre Dame's John Petibon as "the man of the game" against the Hawkeyes.

"I'll bet there aren't many fans who know that Petibon is Notre Dame's safety man, but we certainly knew it Saturday," said Anderson. "He played a great defensive game against us."

Anderson said he noticed the free substitution rule was running games 15 to 25 minutes longer than usual and that he believed the fans disliked it. The Iowa coach said he suspected that some players, eyeing the glory which goes to offensive players, "don't try to look too good defensively."

That fault of the platoon system, Anderson thought, might account for some of the high scoring prevalent this season. For that reason, Anderson would like to go back to the old substitution rule.

Another quarterback speaker was general manager Frank Lane of the Chicago White Sox, who said star second baseman Cass Michaels probably won't be traded by the club, as rumored.

Lane said the Yankees showed interest in Michaels, but backed away when the Sox demanded second baseman Gerry Coleman, outfielder Hank Bauer, catcher Gus Niarhos or Charley Silvera, and a pitcher in return.

USC's Ailing Quarterback Will Play Against Irish

Los Angeles, Nov. 21.—(P)—Jim Powers, ailing quarterback of the USC Trojans, will be aboard the train tomorrow night when the team departs for South Bend, Ind., and Saturday's seasonal finale against Notre Dame.

Powers, first stringer sidelined lined with a hip injury in USC's game with the UCLA Bruins, has a doctor's permit to play against Notre Dame.

Willis O. Hunter, USC athletic director, said the team physician told Powers he may play providing he participates in no contact work prior to the game.

Hunter said 48 Trojans are making the trip to South Bend.

Powers worked out with the squad today, running and limbering up his pitching arm. Coach Jeff Cravath said that Dean Schneider, fourth stringer who performed admirably against UCLA, will start against the Irish, with Powers held in reserve.

## California Moves To Second In Grid Poll

New York, Nov. 21.—(P)—California has taken over the job of chasing distant Notre Dame in the Associated Press football poll.

The next-to-last voting of the season finds Notre Dame still way out front with 113 of the 151 first place votes cast by football writers and sportscasters across the nation.

California moved into second place with 24 firsts after its convincing 33-14 triumph over Stanford to win the Pacific Coast conference crown.

Oklahoma dropped a peg to third position, being hard pressed to grab a 28-21 verdict over Santa Clara. Eleven writers put the Sooners in the No. 1 spot.

Army, the other member of the "Big Four" held fourth place although idle getting ready for Saturday's big game with Navy. The Cadets drew one first place vote and the other two went to the College of the Pacific, 11th in the ratings.

Idleness cost the Army a few votes for its point total of 963 fell below the accustomed 1,900 mark. Notre Dame piled up 1,459 points on the basis of 10 for first, 9 for second and so on. California had 1,236 and Oklahoma 1,173.

Ohio State advanced two steps to fifth on the 7-7 tie with Michigan that earned a share of the Big 10 title and a Rose Bowl date with California. Michigan and Rice followed next in order with Minnesota still eighth.

Baylor and Tulane made the top 10 grade, supplanting Southern Methodist and Virginia. Tulane's 28-14 win over Virginia sent the Cavaliers crashing into the lower regions.

Four of the top ten teams have finished their regular schedule. All the others, with the exception of Notre Dame, wind it up Saturday. The Irish still will have a Dec. 3 date at Southern Methodist.

California ended its season, with the exception of the Rose Bowl, by whacking Stanford.

Ohio State and Michigan completed their regular schedules with the tie-game and Minnesota, 14-6 victors over Wisconsin, also played its last game.

# Clevelanders Buy Indians; Veeck Sued By Stockholder

## Name Greenberg General Manager, Mum On Boudreau

By Dick Smith  
Cleveland, Nov. 21.—(P)—A group of Cleveland business men purchased the Cleveland Indians today and selected Hank Greenberg as club general manager for the next three years.

Ellis W. Ryan, a 45-year-old insurance executive, who took over Bill Veeck's job as president, said his syndicate paid approximately \$2,200,000 for the property.

Greenberg has been vice president in charge of the American league team's farm system. He came with the Indians early last year after a big league playing career in which he twice won the American league's most valuable player award while with the Detroit Tigers.

Veeck put his southpaw signature on the sales papers at a news conference in his office at Municipal stadium, granting as usual.

He gave no hint of where he next will use the executive ability and magic showmanship which during his 41 months here helped his ball club win the 1948 world championship and—in the last two seasons—draw nearly 5,000,000 fans to home games.

When he and his associates bought the property June 22, 1946, Veeck paid a reported \$1,250,000 for it. His personal profit from the deal was estimated at \$500,000 for a stock holding of about 30 per cent.

Also Buy Park  
In addition to the Indians' franchise, Ryan's purchasing group got ownership of league park and working agreements with 13 minor league clubs, including San Diego in the Pacific Coast league and Oklahoma City in the Texas league.

The new owners, Ryan said, hope to "retain the entire tribe organization" and to devote themselves to "a bold effort to make and keep this city first in baseball." He added that Veeck has offered to give them "every bit of help we want."

"I'm no Bill Veeck," the blue-eyed, graying new boss of the tribe said, "but my associates and I hope to keep Veeck's progressive policy in operation. We will make a bold effort to make and keep this city first in baseball. As of right now, we plan to concentrate on building the club back to championship strength."

The only Indian under contract on the club's 40-man roster is Manager-Shortstop Lou Boudreau. Ryan declined to say whether he would retain Boudreau as field general—a policy Veeck followed with reluctance.

Will Talk About Boudreau  
Greenberg, as general manager, will divide with Ryan duties that Veeck combined during his tenure as president. Ryan said he and Greenberg would "talk about Boudreau tomorrow."

A 39-year-old native of New York City, Greenberg was brought up to the majors by the Detroit Tigers in 1933. He won the American league's most valuable player award in 1935 and in 1938 tied the home-run record for right-handed batters with 58 round-trippers, two short of Babe Ruth's all-time mark. He was a first baseman and outfielder. He was released by Detroit in 1946 and went to the Pittsburgh Pirates of the National league for the 1947 season at a salary reported to be about \$80,000.

He came to Cleveland as a player-coach in March, 1948.

In addition to Greenberg, business manager Rudie Schaffer was named by Ryan today to stay with the new tribe organization. Schaffer was brought here by Veeck from Milwaukee, where he had charge of the business office of the Milwaukee Brewers during Veeck's four years as president of that American association club.

Dressed in his never-varying brown jacket, white sport shirt and tan trousers, Veeck came here from Chicago for the sale ceremony. He said he intended to leave here tonight for his mother's home in Hinsdale, Ill.

## Cardinals Drop Minor League Club

St. Louis, Nov. 21.—(P)—The St. Louis Cardinals have dropped one farm club and added another to their system, it was announced today.

Vice president William Walsingham, Jr., said the franchise for the Salisbury, Md. club has been returned to the Eastern Shore league.

## Three Hardwood Tussles On Tap In Area Tonight

White Hall and Meredosia sample this area's basketball competition for the first time tonight, entertaining a pair of already-tried prep outfits.

Bluffs is at Meredosia where Coach Gerald Jones' Indians will open the season before a home crowd. The Bluffs five dropped its only game of the season to Chapin a week ago.

White Hall plays host to Hardin for the first time tonight. Howard Berline's athletes have just finished a fair football campaign and, with the addition of several Hillview lettermen will be straining to prove themselves on the hardwood.

Chapin throws its unblemished record to the mercy of Bath on the Morgan county club's floor in the only other games in this vicinity. Coached by Paul Blakeman and led by lanky center Jimmy Bonds, the Chapin quint neatly annexed wins from Bluffs and Franklin its first two times out this season.

Other games in this vicinity this week:

Bluffs at Carrollton  
Lanphier at New Berlin  
Chambersburg at Virginia

**Friday**

## Pittsfield's State Tournament Squad Minus Most Vets

Pittsfield—Glenn Smith and his Pittsfield "Sweet Sixteen" sectional defenders face a rugged 21-game basketball card with only one regular returning to the first five.

Rich Zimmerman, six-foot-three-inch pivot man, is the only returnee from the '48-'49 outfit. Zimmerman received honorable mention on the all-tourney team at Champaign following Pittsfield's single appearance there last spring.

A freshman-sophomore squad that was undefeated last season is being promoted to the varsity and should serve to brighten the outlook.

The Pittsfield quint will not compete in any tournaments, instead playing 21 games.

## Kid Gavilan Wins 10-Round Decision Over Dauthuille

Montreal, Nov. 21.—(P)—Welterweight challenger Kid Gavilan scored a unanimous 10-round decision over Laurent Dauthuille of France tonight at the Montreal Forum. Gavilan weighed 151 and Dauthuille 154.

Gavilan was the aggressor throughout in handing Dauthuille his first North American defeat. The only time Dauthuille had the better of the Havana Hawk was in a few series of counter-punching exchanges. There were no knockdowns and neither fighter suffered cuts or injuries.

The announcement of the decision in favor of Gavilan brought a boisterous cheer from the crowd, which was pro-Dauthuille.

Dauthuille held an edge in three rounds, but was unable to match the Cuban's speed in the other rounds.

## Charges Ex-Prexy With Mishandling Tribe Farm Clubs

Cleveland, Nov. 21.—(P)—A retired Cleveland businessman who owned 38 1/3 shares of stock in the Cleveland Baseball Corp. sued the corporation and outgoing President Bill Veeck today for \$1,200,000.

The stockholder, Jack H. Harris, charged Veeck, who sold his interest in the ball club today, with "usurpation, abuse and misuse" of his authority as club president in dealing with Indian farm clubs in Oklahoma City, Dayton and Zanesville.

On behalf of himself and other holders of the 1,125 shares in the corporation which sold out today, Harris asked:

1. Direct damages of \$950,000 and return of \$250,000 his suit charged Veeck borrowed on or about Nov. 1, 1949 without proper authority.

2. A court order asking Veeck to render an accounting of all monies received and all profits realized by him in connection with transactions and dealings as Tribe president.

3. A court finding that Veeck's stock in the corporation owning and operating the Oklahoma City club is held by him only as "a constructive trust" for the Cleveland club.

4. Attorneys' fees.

Harris, who tried for two months to negotiate a deal with Veeck for purchase of the Indians' franchise, claimed in his suit that Veeck's private ownership of control of the Oklahoma City, Dayton and Zanesville farm club franchises was financed with \$175,000 borrowed from the Cleveland club without authority.

Veeck declined to comment on the suit, remarking: "I am not an expert on these things. This is my first law suit. Talk to my attorney, Mr. Lurie."

The attorney, Edward E. Lurie of Cleveland, said the action was "a silly law suit" and added: "After studying over the petition we still don't know what they are talking about."

Rudie Schaffer, business manager of the Cleveland Indians, said he, Veeck and Jim Humphries of Oklahoma City purchased that city's ball park and franchise in the class AA Texas league last summer. Humphries has been operating the property as president.

**Bought Minor League Teams**  
In December, 1946, Schaffer said, he, Veeck and Warren Bradford of Dayton bought the Dayton, O. franchise in the Class A Central league. And, he added, last January he and Veeck alone bought the Zanesville, O. club franchise in the class D Ohio-Indiana league. Both Dayton and Zanesville teams play in municipally owned ball parks.

Players for all three clubs are under contract to the Cleveland Indians, and play in the minor leagues under option. These player contracts and the working arrangement between the three farm clubs and the Tribe passed from Veeck and his associates in the old Cleveland baseball corporation to Ellis H. Ryan and his syndicate with today's sale.

NO. 18—SCORING A SPARE  
If your second ball of a frame knock down all the pins left standing by your first ball (1), that is called a "spare" and you get a bonus for it.  
Let's suppose that on your first ball you knocked down 4 pins and on your second ball you got the remaining 6. That is a spare. The 4 would be marked in the first small square and the spare is marked in the spare is marked on the second small square (2) with a single digit. You score 10 for the 10 pins you knocked down plus a bonus your total score for that frame of the number of pins you get on would be 16.  
For example, if on the first ball of your next frame you knocked down 6 pins, you would add that 6 to send 25 cents to "BOWLING," care of the 10 of the first frame (4) and get this newspaper.)

## Meredosia Man Killed By Auto Near Bluffs

Meredosia — George McDaniel, 54-year-old Meredosia man, was killed instantly at 8:15 p.m. Monday when he was struck by a northbound automobile on Route 100, about two miles north of Bluffs.

Chester Van Hold of Camp Point was the driver of the automobile which struck Mr. McDaniel as the

latter was walking on the east side of the road. The accident victim suffered a compound fracture of the left leg and a badly fractured skull. He was struck by the right fender of the automobile and carried about 100 feet from the point of impact.

The driver told Coroner Kenneth Cunningham and Sheriff Randall Killebrew, both of Winchester, and State Highway Patrolman Charles Batley of Bluffs that he did not see the pedestrian, due to the lights of an approaching automobile. The southbound car did not stop.

Accompanying Mr. Van Hold were his wife and Mr. and Mrs. George Cate. They had been in St. Louis, where they attended a Pontiac dealers' meeting. Van Hold estimated his speed at 50-60 miles per hour. Mr. McDaniel had been visiting friends in Bluffs yesterday afternoon and evening. He is survived by his wife, four sons and two daughters. The remains were taken to the Schaefer Funeral Home in Meredosia.

Coroner Cunningham will hold an inquest into the death at 7:30 p.m. Tuesday at the Bluffs city hall.

## McClelland Helps Dedicate New Hall At Lindenwood

President and Mrs. C. P. McClelland of MacMurray College attended the annual Founders' Day program at Lindenwood College, St. Charles, Mo. yesterday. The principal ceremony was the dedication of the college's new \$300,000 residence hall, named Thomas Harper Cobbs Hall in recognition of Mr. Cobbs' services to Lindenwood College.

Mr. Cobbs, a St. Louis attorney, has been a member of the college's board of directors since 1917. President McClelland represented MacMurray College at the dedication exercises held in the morning when Chancellor Arthur H. Compton of Washington University, delivered an address on the subject, "We Educate for Peace."

Included in the day's festivities was a luncheon at noon, followed in the afternoon by a reception honoring Mr. and Mrs. Cobbs.

## Savings Assns. Get Stiff Competition From US Salesmen

Chicago, Nov. 21.—(AP)—Savings associations are getting stiff competition from sellers of new cars, television sets, clothing, food, and vacations, and it's going to get stiffer.

The opinion was expressed today by Dr. Arthur H. Weimer, dean of the Indiana University School of Business, to convention delegates of the United States Savings and Loan League.

He said the competition is more severe than at any time since the war, both in the savings and the home financing functions of the associations.

Dr. Weimer expects the associations next year to put more of their lending funds into new home building than they did this year, when they set a postwar record. More multi-family housing will be built, he said.

Another speaker said the chief competitor is the federal government, he was Henry S. Kingman, Minneapolis, president of the National Association of Mutual Savings Banks.

## Barkleys Still Heading South

Atlanta, Nov. 21.—(AP)—The honey-mooning Barkleys put down the top of their convertible and headed on southward today.

A handful of spectators gathered as Vice President Alben Barkley and his bride left the side door of the Ansley hotel. They arrived here last night, heading for a secret honeymoon spot, after their marriage in St. Louis Friday.

The hotel manager handed the couple lunches wrapped in brown paper.

Mrs. Barkley—the former Mrs. Carleton Hadley—laughed at the pile of luggage in the car.

"Don't we look like Gypsies," she said.

With Mrs. Barkley driving the car—one of the wedding presents from her husband—the couple went south on U. S. Highway 41.

## Jean Wallace Tries Suicide

Los Angeles, Nov. 21.—(AP)—Only hours after she dined with her divorced husband, Franchot Tone, and their two children, beautiful blonde actress Jean Wallace stabbed herself in the abdomen with a butcher knife.

The onetime Earl Carroll showgirl commented yesterday to police while being treated at Georgia street receiving hospital.

"I did it just for laughs."

But police called it an attempted suicide and said that only the intervention of her mother prevented more serious injury or death. Police listed the motive as despondency over the final breakup of her marriage with Tone, which ended in a final divorce decree Oct. 1. They were married in 1941.

## Records Show Cash Farm Costs Reach All-Time Peaks

Urbana — Records from almost 2,300 Illinois farmers showed today that their cash farm expenses for 1948 reached an all-time high.

That's the word from A. G. Mueller, F. J. Reiss, and J. B. Cunningham, farm record-keeping specialists in the Illinois College of Agriculture.

Even more amazing, total cash expenses for 1948 were larger than total cash income for 1946, only two years earlier. That's cash expenses and income. The figures—\$15,713 for 1948; \$15,544 total cash income per farm for 1946.

The three men found that Illinois accounting farms spent more money to operate, equip, and improve their farms in 1948 than had been spent in any previous year on record. Total cash expenses of \$15,713 last year exceeded 1947 expenses by \$2,435.

For more than two years now, farm operating costs have gone up faster than total farm income. This condition, along with falling farm prices, means a smaller cash balance.

The specialists point out that from 1942 to 1948 total cash income has more than doubled in round numbers—from \$11,000 to \$23,000. But during the same time, total cash expenses have almost tripled—in round numbers from \$6,000 to \$16,000.

Four reasons accounting for the all-time high in total cash costs for 1948 are: (1) higher prices for gas, oil, machinery repairs, and other farm supplies; (2) more money spent for building repair and upkeep and for fertilizers; (3) higher prices paid for purchased livestock; and (4) more purchases of capital items like land, buildings, and machinery, and higher prices paid for these things.

## Enthusiastic Audience Hears Opera 'Carmen'

With vivacious Mona Bradford singing the title role, Bizet's colorful "Carmen" was presented by the New York Civic Opera company before an enthusiastic audience at the Illinois School for the Deaf auditorium. The opera company brought to the city one of the largest casts, and more vocal and instrumental talent, than has appeared in a production here in many years.

A 20 piece symphonic orchestra conducted by Renato Raffaeli supplied the instrumental background for the four acts of the opera, all of which was sung in French.

Miss Bradford met every test in the role of Carmen, the Spanish cigarette girl, who played a romantic game with several army officers, only to find herself on the receiving end of a dagger in the last scene. Her soprano voice of wide range dominated the feminine section of the cast, although Josephine Rossi as "Micaela," the innocent peasant girl, drew frequent applause for her artistry.

Eric Rowton as "Don Jose," and Anton Marco as "Escamillo," handled the male leads in the opera with thrilling performances. The entire cast contributed musicianship and strong acting to the tuneful Spanish story.

The Jacksonville Optimist club

sponsored the opera company, which is booked for a long series of appearances in larger cities of the central and western states. The company of more than 50 persons will appear tonight at Columbia, Mo.

Elaborate stage settings and colorful costumes are used by the opera company in its presentation of "Carmen."

## Attorney General Says Hooper Death Case Is Unsolved

Lansing, Nov. 21.—(AP)—Attorney General Stephen J. Roth refused today to write "solved" across the 1945 slaying of the late state Senator Warren G. Hooper of Albion.

"There is nothing to indicate," Roth said, "that the calling of a grand jury or the initiation of prosecution is warranted by the recent developments in Detroit."

He referred to stories of two prison inmates that Morris Raider, 49, and Dave Mazeroff, 43, were the "triggers" in the Jan. 11, 1949, slaying of Hooper.

Leonard said "the case is still in the investigative stage" but "sooner or later it will be solved."
